DES MOINES, IOWA 50318

SUBJECT: Pre-Arbitration Settlement

RE: CIC-4K-C 36492
CIC-4K-C 36493

As a final and complete settlement of the subject case and without prejudice to the position of either party in this or any other case, the subject grievance is resolved as follows:

An employee who is detailed as a 204-8 on either the day before or the day after non-scheduled days or both will be precluded from working bargaining unit craft overtime on the non-scheduled days. This will serve as the local interpretation of the phrase "immediately prior to or immediately after such detail" as cited in the Visalia, California case.

Two employees, Raymond Duffy, [REDACTED], and Anita Trout, [REDACTED], will be afforded two (2) hours apiece at their overtime rate of pay.

The above constitutes a full and complete settlement of the subject case and resolves any and all other issues pertaining thereto.
